Dear Sponsor,

India Association of San Antonio was formed in 1978 and acquired its non-profit status in 1980.

In the last forty years, the population of the Indian community has grown from about sixty families to well over four thousand families. During this period, many sister organizations were created, catering to the specific needs of the various subsets of the Indian community. The objective of IASA is to support cultural, educational, religious and charitable activities, for the benefit of its members and the general public.

Listed below are our achievements:

- In 2018, we raised over \$110k for the Kerala Flood Disaster
- Raised money for a home for 'Habitat for Humanity,' and the home was built exclusively by the members of the Indian community. Two more homes were built in India.
- Established scholarship funds at University of Texas at San Antonio (UTSA)
